

# OUR ENVIRONMENT

Café Yumm!® is committed to preserving the environment as part of our Triple Bottom Line. We balance social, economic, and environmental factors in our decision making.

Some of our efforts include:

## *Sustainable Product Sourcing*

At Café Yumm!, over 50% of our food is organic. We also source our ingredients locally whenever possible.

## *Renewable Energy Sources*

We are a Greenpower Business Partner. We use more than 100,000 kilowatt-hours of green power annually.

## *Recycling*

Café Yumm! hosts electronic recycling drives, offers biodegradable takeout utensils, and provides napkins made from recycle fibers.

## *Water*

We provide free filtered water for our guests at every location.

Visit our website for more information at [www.cafeyumm.com](http://www.cafeyumm.com).

**CAFÉ YUMM!**

Printed on 80% recycled,  
60% post-consumer waste paper.

**Wall Covering:**  
made from flax, wheat, or sorghum biocomposites and other elements of agricultural by products

**Lighting:**  
Mercury-free LED & fluorescent lighting as well as motion light sensors in bathrooms

**Paint:**  
Zero VOC emissions

**Flooring:**  
Made from organic, renewable materials - linseed oil, pine rosin, wood and cork flour, limestone, organic pigments & jute backing

**Tops:**  
Made from 100% post-consumer recycled paper or crushed sunflower seed shells

**Panels:**  
Made of sorghum plant stalks; manufactured with fair trade and low impact factory processes
